senators. They are Senator Vrtiska, Senator Preister, and Senator Schrock.

SENATOR ROBAK: Senator, Mr. Speaker, I...in lieu of the fact that we don't have a full body here today, and I know that I'd rather have a full body, I just move that we adjourn.

SPEAKER KRISTENSEN: Well, Senator, you're...you're on your closing. I won't accept your motion to...

SENATOR ROBAK: Oh, okay.

SPEAKER KRISTENSEN: ...adjourn. I do have a motion at the desk to adjourn that I will take up on the completion of your closing.

SENATOR ROBAK: Okay. I'm happy that we had this discussion today. I feel we've entered a new step into the twenty-first...twenty-second century. I am just so happy that the Congress did pass the Domenici-Wellstone amendment. That is the first step. I am positive that next year will be the year to have parity for those suffering from biological brain disorders. I thank everybody that supported this issue on the floor. I especially thank Congress for what they are doing on this at the federal level, and I think that maybe perhaps, Senator Landis is a great mediator, perhaps someday we can mediate this issue together. It's a matter of fairness right now. That's what it is. It's discrimination and again there is no sin in profit or shareholders or anything else. We are really discriminating against those that are under...underinsured and understated. Thank you, Mr. Speaker.

SPEAKER KRISTENSEN: Okay. Mr. Clerk, do you have items for the record before we proceed to the vote on the priority motion?

ASSISTANT CLERK: Mr. President, I do have items for the record. Explanation of votes from Senators Bromm and Kiel, (Re: LB 777, LB 822, LB 822A).
